Jean M. Faria  
State Public Defender

January 31, 2012

When state legislators (including over 100 co-authors) passed the Louisiana Public Defender Act of 2007 they created a single entity – the Louisiana Public Defender Board (LPDB) – to oversee and improve public defense services and criminal justice systems across the state. Their vision of fairness and accountability in the criminal justice system was developed after many years of litigation, data collection, and legislative attention to Louisiana’s struggling public defense system.

Prior to the passage of the Act, 41 individual and independent districts (now 42 districts) were overseen by local boards that administered widely divergent methods of public defense delivery in clear conflict with the obligation of the state to provide a “uniform system of securing and compensating qualified counsel for indigents.” (Louisiana Constitution, 1974, Article 1, § 13)

Additionally, the pre-reform public defense system received failing grades in all 10 categories of the *American Bar Association Ten Principles of a Public Defense Delivery System*, which sets the national benchmark. These principles include independence, reasonable workload, training, minimum qualifications, and accountability.

When LPDB began its work, it discovered a number of districts without any local board oversight at all, and nearly a dozen districts that did not have an assigned district defender. Prior to the creation of LPDB, there was no statewide training program for public defenders, no meaningful regulation of district performance, no professional standards, extremely limited reporting requirements, wholly unreliable data about even the most basic elements of public defense services; a combative rather than cooperative relationship between Louisiana’s two largest criminal defense associations (the Louisiana Public Defenders’ Association and the Louisiana Association of Criminal Defense Attorneys), no state-coordinated effort for cross-district learning, no mechanism for reviewing ethical issues arising from workload excesses, and no agency accountable to Louisiana taxpayers to ensure a criminal justice system – statewide – that is fair in its process, accurate in its verdicts and efficient in its operation.

Before the Public Defender Act of 2007, there was no state agency capable of observing public defense services across the state as components of a system, none authorized to develop and implement statewide policies and standards, and none designated to administer consolidated resources for district public defender offices to improve daily operations and address challenges as they arise.

Throughout this Annual Report, we hope that you notice the significant LPDB achievements during 2011, which is only the third year that the agency has been staffed. Further, we hope you appreciate the incredible difficulty of accommodating the practices, cultures and needs of local districts while simultaneously delivering the statutory obligation of a “uniform system.”

The efforts to improve public defense services at the district level and the public defense system statewide do not occur in a vacuum. Instead, it requires unique and intensive relationships with whole communities, both within and beyond local criminal justice systems. Public defense reform requires collaboration with all our criminal justice agency-partners, policy makers, and community leaders. LPDB exists to facilitate this cooperation for district public defender offices and contribute as invested partners in problem-solving ventures that serve common goals we share with all our criminal justice agency-partners.

With a small staff capped at only 16 full-time employees and a 15-member, all-volunteer Board, LPDB's challenges are ever-present. Compounding the work of making positive change in 42 districts across 64 parishes is the chronic underfunding of public services. LPDB received \$33,117,662 for FY 11 (affecting January-June 2011) and suffered a reduced budget of \$32,799,336 for FY 12 (affecting July-December 2011). These appropriations are approximately only 80% of the minimum-level funding that LPDB requested in order to maintain reasonable workloads in financially solvent offices.

Working within these budget constraints requires innovation, vigilance and a constant commitment to find every available dollar and make every dollar count. LPDB is very proud that through appropriate protocols, prudent spending of state funds, and successful efforts to collect all available local funds in district offices, no district was forced to restrict public defense services in 2011. However, the current situation is not tenable, and without future budget increases, no matter what LPDB does, if local districts do not fill the shortfall, service restrictions will occur in a number of jurisdictions across the state, paralyzing criminal justice systems and failing the communities they serve.

The task is enormous; the road is long. But, as this Annual Report clearly demonstrates, we are on our way.

As you read through the report, it should become clear that LPDB is building a sustainable, systemic infrastructure and making significant improvements to the delivery of public defense services to achieve fairness and accountability in Louisiana's courts. Evidence of the public defense system that Louisiana is creating includes the following highlights:

- Productive District, Assistant and Juvenile Defender Advisory Councils that foster effective communication between the state agency and the field;
- Provision of moderated and unmoderated list-servs that promote cross-district learning and prompt access to changing caselaw;
- Ongoing improvements to a well-trafficked agency website that serves clients, practitioners and the public, and includes information about all districts and contract programs;
- Delivery of a statewide training program that served 57% of all defenders in Louisiana in 2011 (463 lawyers) and 23% of all non-defender staff (89 staff members providing administrative, investigatory, financial and data entry support);
- Achievement of benchmarks identified on the agency's five-year strategic plan;

- Promulgation of Trial Court Performance Standards in the areas of Child in Need of Care and Termination of Parental Rights (January 2011) and Delinquency (September 2011) Representation, and enhanced training, supervision and support to attain these standards;
- Creation of a comprehensive capital certification program and oversight of defenders' satisfactory completion of certification requirements;
- Participation to develop and present at the 2<sup>nd</sup> Annual Criminal Justice Summit, hosted by the Louisiana State Bar Association and dedicated to funding mechanisms in the public defense and criminal justice systems;
- Development and collection of standardized financial, case and employment reporting across all districts;
- Maintenance of contractual relationships between LPDB and all District Defenders;
- Compilation of accurate data of increasing sophistication with the growing potential to inform policy (thanks to a newly acquired and successfully implemented Case Management System);
- Passage of board policy requiring the assessment of the \$40 application fee in all districts, creation of an Indigency Determination Working Group to ensure services are only provided to eligible clients, and approved protocols for 'Requests for Emergency Funding' and 'Restriction of Services' (pending promulgation);
- Initiation of successful mandamus litigation against the judges in New Orleans to improve accurate fee assessment, collection and remittance in districts statewide;
- Administration of nearly \$300,000 in grant funds for statewide projects;
- Migration of another once-contract district public defender office to a full-time public defender office, with numerous other offices in transition;
- Facilitated hosting of the first ever statewide Juvenile Defender Vision Meeting for nearly three dozen juvenile defenders and defender leaders;
- Dedicated time spent in more than a dozen district public defender offices undertaking assessments and providing technical assistance to the district public defender office and criminal justice stakeholders;
- Ongoing work with Sentencing Commission, Louisiana Commission on Law Enforcement, and nearly two dozen other state-level coalitions, task forces and networks; and,
- Successful management of all litigation against the state agency, successfully defeating litigation in or threatened in three districts.

These are but a few of LPDB's valuable accomplishments this year.

In 2011, LPDB oversaw a public defender system that represented clients in more than 293,000 cases, across 42 districts and eight contract programs. Some of these clients were guilty, some were innocent. Some faced unreasonable sentences for minor crimes. Some accepted plea agreements, some went to trial. Some were first-time offenders, some were well-known to the criminal justice system. Many had families, some were children. Some had mental illnesses, some were addicted to drugs, some were homeless, some were illiterate – ending up in the criminal justice system because there was nowhere else for them to go. For every client, their public defender was the only advocate to fight for their equal access to the justice system – a system that without the right to counsel would make

our communities less safe, reduce our confidence in government and undermine the uniquely American rights that are the foundation of our democracy.

Before you delve in to the LPDB 2011 Annual Report, on behalf of the Board and staff, I thank you for the opportunity to work towards the reality of a fair criminal justice system and an adequately resourced, high-quality, transparent and engaged system of public defense throughout Louisiana.

# LPDB STAFF ORGANIZATIONAL CHART

## **LOUISIANA PUBLIC DEFENDER BOARD CONTRACT PROGRAMS**

Although the Louisiana Public Defender Board has a legislative mandate to provide representation in a number of areas, especially with regard to death penalty cases, it does not have authority to provide direct client representation or to hire public defender staff. In order to meet the State's Constitutional duty to provide legal representation to indigent clients, the board has contracted with a number of 501(c)3 organizations, as permitted by La. R. S. 15:147 C (1), to represent indigent defendants in capital and appellate cases where conflicts or caseload limits prevent the local district defender office from handling the case. In addition, the Board is required by La. R. S. 15:169 and 15:178 to appoint counsel for appellate and post-conviction cases in which a death sentence has been imposed at the trial level. It should be noted that each of the directors of these programs handles a caseload as well as the administrative responsibilities.

The LPDB's contracts with each program office contain provisions for monthly reporting to the LPDB and for audits by the Legislative Auditor. They also provide for performance standards enforceable by the state board, and for termination of the contracts for failure to meet board requirements. These requirements include adhering to the ethical rules of the Louisiana Supreme Court, violations of which may result in termination of the contracts.

Those programs are as follows:

### **Louisiana Appellate Project (LAP)**

The Louisiana Appellate Project provides appellate representation for indigents in all non-capital felony appeals arising in all of the districts. This includes felony-grade adjudications for juveniles. All district indigent defender offices have contracted with the LAP to supplement its staff with these appellate services. There is no cost to the district public defender for these services; it is a form of supplemental assistance. Jim Looney is the director who contracts with appellate attorneys around the state to handle the appeals.

Handling the appeals in non-capital cases includes the work in the appellate court and, when professionally appropriate, filing for writs to the Supreme Court. It also includes specifically those cases appealed by the State, such as when a statute is declared unconstitutional.

### **Capital Defense Project of Southeast Louisiana (CDPSELA)**

Kerry Cuccia is the director of the Capital Defense Project of Southeast Louisiana. The primary responsibility of CDPSELA is to handle capital cases in Orleans Parish. Although the program was originally created to handle cases in which the Orleans Public Defender Office (OPD) was excluded because of conflicts, CDPSELA now is the first-call provider for indigent defense in capital cases in Orleans Parish. Because of the financial emergency in Orleans Parish, OPD is not providing any services in new capital cases. Director Cuccia's staff lawyers are currently handling 19 active cases. Each capital case requires two lawyers who must be certified according to standards adopted

by the LPDB. CDPSELA also accepts cases in other jurisdictions when necessary because of conflicts or caseload limits. CDPSELA and its staff are recognized as providing representation at the highest levels of competence. Its concentration on preliminary examination practice appears to be a primary factor in a decline in the number of first degree murder indictments in Orleans Parish. The result is that many of the cases are formally charged as lesser offenses, often second degree murder. Second degree murder cases are generally then referred to the Orleans Public Defender Office.

### **Louisiana Capital Assistance Center (LCAC)**

Although founded in its current form in 1993, LCAC is a venerable organization whose predecessors have influenced capital representation since the early days of the restoration of the death penalty in the South. LCAC provides general support services to other organizations and often is available to ameliorate crises faced by counsel. LCAC also provides direct client services. LCAC provides services in preliminary hearings primarily in New Orleans and statewide in motions for new trial. Richard Bourke is the director of the program which employs full and part time lawyers. LCAC has been active in Orleans Parish working with CDPSELA in providing early representation.

### **Capital Assistance Project of Louisiana (CAPOLA)**

CAPOLA is located in Shreveport and handles capital cases at the trial level in Caddo Parish as well as other jurisdictions, primarily in the northern part of the state. Richard Goorley is the director of the office. CAPOLA attempts whenever possible to keep its workload in the Northwest part of the State. However, it is now by necessity currently handling cases as far away as Lafourche Parish, and has also agreed to assist in providing representation in conflict cases in Orleans Parish until the current financial emergency is resolved.

### **Baton Rouge Capital Conflict Office (BRCCO)**

Although housed in Baton Rouge, BRCCO is currently handling cases throughout the state including East Baton Rouge, Orleans, Caddo, Richland, Tangipahoa, Terrebonne and Lafourche Parishes. David Price is the director who supervises a staff which includes five other lawyers and investigators.

### **Capital Post Conviction Project of Louisiana (CPCPL)**

This organization handles post-conviction representation of indigent defendants whose cases have progressed through the trial and appellate levels. The staff lawyers who handle cases as they become eligible have successfully represented a number of defendants whose cases are overturned for such reasons as ineffective assistance of counsel at the trial or appellate level, failure by prosecutors to disclose important evidence, newly discovered evidence of innocence, and evidence adduced as a result of junk science.

Gary Clements is the director of CPCPL and has his staff working on as many cases as ethical caseload standards permit at any particular time. The program also monitors cases in the pipeline in order to keep track of future needs and caseloads.

### **Capital Appeals Project (CAP)**

Sarah Ottinger is the director of the Capital Appeals Project which handles all capital appeals for indigents who have been sentenced to death. Her staff includes four other attorneys who work out of their New Orleans office, as their cases automatically go to the Louisiana Supreme Court as a matter of law. This project has had several cases with national impact because of favorable decisions by the U. S. Supreme Court. Some of the cases which have been overturned were handled or are being handled in the trial court by the CAP lawyers. CAP has also agreed to handle post-conviction cases wherein CPCPL is ineligible due to conflicts.

### **Innocence Project New Orleans (IPNO)**

The Louisiana Public Defender Board has a contract for partial funding of the Innocence Project New Orleans which, since its inception, has won the freedom or exoneration of 21 wrongfully convicted prisoners who have served a total of nearly 420 years in prison for crimes they did not commit. All except two of IPNO's freed clients were sentenced to life without parole and seven were teenagers when they were wrongly arrested. IPNO has also investigated and reported on systemic problems in Orleans involving the suppression of crucial evidence by prosecutors and police. Emily Maw is the director of IPNO. The office uses student interns from around the world and is in the forefront in Louisiana in the use of DNA evidence.

# STATUTORY OFFICER ANNUAL SUMMARY REPORTS

## **Budget Division**

In CY11, LPDB disbursed \$18.2M to the 42 judicial districts; \$952,000 from the Parent Representation Fund and \$17.2M from the District Assistance Fund (DAF). Although \$18.2M was disbursed in CY11, \$18.5M was available for use. Of the \$18.5M available for use in CY11, \$8.4M was disbursed in CY10, but intended for use in CY11. The reason for this difference is an artifact of using parts of two fiscal year disbursements for a single calendar year report.

Site visits to review financial source documents and bookkeeping entries, as well as internal controls, including proper segregation of duties, were made to the following judicial districts during calendar year 2011: 1<sup>st</sup> (Caddo), 25<sup>th</sup> (Plaquemines), 32<sup>nd</sup> (Terrebonne), 35<sup>th</sup> (Grant), 39<sup>th</sup> (Red River) and 41<sup>st</sup> (Orleans). The Budget Division continues to work with the districts to verify and improve accuracy in reporting. Additionally, the LPDB and the districts continue to work with Sheriffs and other local offices and agencies to ensure that districts are receiving proper court fees as mandated by law.

The Budget Committee, which was established in 2009, met eight times throughout the year to address fiscal and financial issues. The Committee, comprised of three active Board members, generally meets several weeks in advance of scheduled Board meetings. The primary focus of this Committee is to develop policies and procedures for fiscal matters concerning the statewide District Defenders and their offices. The Committee also considered compensation for the District Defender offices, District Defender salaries, and emergency funding requests. After study and review, the Committee makes recommendations to the Board.

LPDB staff worked diligently and cohesively to prepare and submit all legally required budget documents and requests in a timely manner to the Division of Administration, Office of Planning and Budget, Office of the Governor, Legislative Auditor, Legislative Fiscal Office and the Joint Legislative Committee on the Budget.

There was a change in the Budget Officer position during the year. The prior budget officer retired in July and the new Budget Officer, Angel Williams, started work in October.

## **Compliance Division – Trial Level**

The Trial Level Compliance Officer, created by the Legislature in R.S. 15: 157, addressed funding needs of indigent representation statewide by attending meetings with state and local officials, and appeared when necessary before legislative committees.

Compliance conducted preliminary site visits to the following judicial districts during calendar year 2010: 1<sup>st</sup> (Caddo), 9<sup>th</sup> (Rapides), 10<sup>th</sup> (Natchitoches), 14<sup>th</sup> (Calcasieu), 18<sup>th</sup> (West Baton Rouge, Iberville, Pointe Coupee), 19<sup>th</sup> (East Baton Rouge), 22<sup>nd</sup> (St. Tammany, Washington), 23<sup>rd</sup> (Ascension, Assumption, St. James), 25<sup>th</sup> (Plaquemines), 26<sup>th</sup> (Bossier, Webster), 34<sup>th</sup> (St.

Bernard), and 41<sup>st</sup> (Orleans). Generally, District Defenders, some line defenders, judges, clerks, and prosecutors were interviewed to evaluate the delivery of services to indigent defendants.

Compliance, along with Deputy/Training Director Kilborn and General Counsel Harris, conducted a site visit to the 1<sup>st</sup> Judicial District (Caddo Parish) in order to assess the accuracy of certain financial information provided by that office. The visit resulted in clarification of the questioned information and a reduction in the funding required by the District at that time.

Compliance participated in a full scale assessment of the public defender office in the 22<sup>nd</sup> Judicial District (St. Tammany and Washington Parishes) by the Bureau of Justice Assistance, which contracted with Ernie Lewis, the same expert who had helped to evaluate and recommend reforms in Calcasieu Parish in 2010. During this process, the District Defender in that district announced his retirement. As a result a Selection Committee was formed pursuant to the statutory requirements in La. R.S. 15:162, which is to conduct a search and recommend names to the Board for the position of District Defender.

Compliance also spent substantial time in Orleans Parish reviewing the practices of District Court, Municipal Court, and Traffic Court and those courts' compliance with the mandatory special cost assessment set forth in R.S. 15:168. After determining that these courts were not fully complying, recommendations were made which ultimately resulted in the Board's authorizing and filing a Mandamus suit against the judges in District and Municipal Court to assure that the funding mechanism set forth in the law was fully implemented. Compliance also reviewed the allotment procedure in Orleans in order to make it easier for the Orleans Public Defender to provide vertical representation, as required by statute.

Compliance also participated in Board, Budget Committee, Policy Committee, District Defender Advisory Council, and Assistant Defender Advisory Council meetings, as well as some meetings concerning contracts with District Defenders and Program Directors.

Compliance Officer DiGiulio also participated in numerous meetings of the Sentencing Commission and its various subcommittees and working groups, the Supreme Court's Rules Committee, the Louisiana Law Institute, and the Louisiana Bar Association's Criminal Justice Committee.

Compliance also reviewed and responded to more than 40 complaints pursuant to Board policy, most of which were resolved to the satisfaction of the client. Some are still pending.

Compliance also continued to work on developing short-term and long-range planning for further implementation of the reform goals set forth by the Legislature in Act 307 of 2007.

## **Information and Technology Management Division**

### **Case Management System Technology Procurement Policy and Administration**

The ITM Division issued, reviewed, rejected and reissued the Invitation to Bid for the new case management system database and subsequently selected the winning vendor, Justice Works. The

Division awarded the contract to Justice Works on February 25, 2011, and LPDB's new statewide case management system, defenderData, was implemented on June 1, 2011 with a smooth transition. ITM staff monitored the software/database deployment, and responded to calls/emails from districts requesting assistance downloading the new database.

The ITM Division conducted small-group, on-site training case management sessions for every district's data-entry point-person. The database "Train-the-Trainer" meetings were held in New Orleans, Lafayette, Baton Rouge, Ruston and Alexandria. ITM staff developed and initiated district training webinars statewide for all users of the new case management system with each district's newly trained data-entry point-person serving as the on-site facilitator. These webinars were also recorded and made available on the Web.

The ITM office worked with Justice Works on modifying the database functionalities to address the unique characteristics of Louisiana Criminal and Children's Codes. Staff also worked with Justice Works on updating database juvenile case types, as well as putting up a news message on the database login screen to communicate to all users how to properly provide appeals information to Louisiana Appellate Project (LAP). ITM staff developed an express data entry window in the database for the high-volume New Orleans Municipal Court. This window is capable of counting the number of \$35 fee assessments as well as sentencing data in order to count assessments which are likely to be non-collectible. The ITM Division produced a graphics-enhanced tutorial on the new database regarding security – teaching the chief defenders how to check active accounts against active employee names and how to de-activate former employees. The Division developed a data entry structure for sentencing, fees and fines per charge for the database with a consultant, Mr. David Newhouse, and Justice Works-defenderData programmer Carl Richey. Staff also resolved database sentencing data conversion problems with Justice Works.

#### ITM Office Policy and Administration

ITM staff developed the action steps for Phase II of the ITM in-house strategic plan. With consultant David Newhouse, they will develop customized dashboard reports for district defenders, LPDB Staff and Board Members so that the rich and reliable data being collected in the new case management system can be put to use for data-driven decision-making by state- and district-level management. These dashboard reports will be in the form of secure web-pages with continuously updated data analyses and graphics for at-a-glance monitoring of key factors in management decisions.

#### Budget Policy and Administration

The ITM Division of Information Technology and Management played a leading role in several vital analyses on Orleans Public Defender (OPD) receipts and potential shortfalls from the Orleans courts which underpinned the successful Writ of Mandamus hearing in the 19<sup>th</sup> Judicial District Court. These analyses also underscored the fact that the problem is not restricted to Orleans Parish.

The ITM team created an analysis tool for all 42 districts which identifies the month that insolvency would be reached using regularly updated 12-month retrospective data. The Division provided analyses on amounts of funding needed by those districts in shortfall or which would

have experienced shortfall before August 1, 2011, when new DAF monies would be received by the districts. The ITM office compiled a comparative list of each of the District Defenders' salaries, experience, caseloads and current salaries, which still fall within the prescribed salary ranges developed last year. Average line attorney salaries were also calculated in anticipation of the calculations needed for the FY12 DAF Formula Disbursements which were also completed in July 2011. The division followed up with districts that were predicted to have a shortfall of revenue for FY12. The division analyzed districts that made expenditure cuts and changes in their revenue, and determined that some earlier insolvency projections may be reversed or postponed. Staff analyzed the shortfall for District 3 (Lincoln, Union Parishes) in light of recent expenditure cuts, analyzed the budget for District 22 (St. Tammany, Washington Parishes), and completed an expenditure comparison of District 1 (Caddo Parish) compared to seven other districts (Districts 4 (Ouachita, Morehouse), 9 (Rapides), 14 (Calcasieu), 15 (Lafayette, Acadia, Vermilion), 19 (East Baton Rouge), 22 (St. Tammany, Washington), and 24 (Jefferson)). The ITM Division worked with districts that submitted emergency funding requests: Districts 1 (Caddo), 5 (Franklin, Richland, West Carroll), and 10 (Natchitoches). The division also worked with District 32 (Terrebonne) and District 34 (St. Bernard) regarding tracking revenues and expenditures, as these districts notified staff that emergency funding is not needed, even though LPDB projections indicated a shortfall of revenue in 2012. The discrepancy was attributed to recent changes in the expenditures and revenues data which were not included in the data provided by the districts at the time of the analyses.

The ITM division in collaboration with the Budget Division redeveloped Performance Indicators for FY13. The division completed an analysis of solvency projections for FY13, by determining additional district funds needed based on FY12 solvency projections. Staff completed a comparison of high caseload districts by creating bar charts which contrasted the largest five districts that received cases plus cases pending from March 2010 to February 2011, and showed their proposed corresponding share of the Statewide FY12 DAF. ITM staff participated in the planning of Orleans Public Defenders' Office's restriction of services. The Division also assisted in several analyses to help most equitably distribute the Indigent Parent Representation Program Fund.

In collaboration with the Budget Division, the ITM office developed a new district monthly financial form which will be converted to an online format in July 2012. The division also revised the district monthly financial form to more precisely track local revenues. In order to assist districts in identifying types and amounts of fees remitted to them from various entities, the ITM Division developed and provided districts with an interactive, email-viable court/sheriff remittance form. This form was created to assist sheriffs, clerks of courts, and police juries, who may not have a form of their own, in complying with Act 366 of 2011.

The ITM division compiled a summary of the number of CY10 attorney and support staff workers for all 42 districts, program offices, and Juvenile Regional Services (JRS). This list will inform future analyses, such as ratios of different types of workers to attorneys, and the number of administrative support staff per district caseload size. The division also compiled a summary of Louisiana Supreme Court District Attorney filings that showed trends from CY05 to CY10 for Orleans Parish, East Baton Rouge Parish, and Caddo Parish. ITM staff spearheaded and

coordinated the production and dissemination of the roughly 900-page LPDB 2010 Annual Report and the 2010 Report to the Joint Legislative Committee on the Budget.

#### Capital Case Coordinator Office Policy and Administration

The ITM Division in collaboration with the Compliance Division, completed research to more effectively track capital cases statewide. The division analyzed the capital programs' budgets and proposed a spend down policy for FY12 for the capital program offices that mirrors the policy applied to district offices. In collaboration with the Capital Case Coordinator, the ITM office also assisted with development of a capital reporting form, which will be converted to an online format in July 2012.

#### Safety and Emergency Preparedness Policy and Administration

The office conducted a 100% successful district Continuity of Operations Plan (COOP) email drill, in which all districts confirmed activation of their emergency back-up email accounts. The office also initiated district/program-level information gathering for district/program-level COOPs, as well as updated and distributed emergency preparedness info cards to LPDB staff. The ITM Division procured a contract for a backup technical support analyst, for the purpose of providing support to LPDB in emergency situations.

#### New Technology and Media for General Administration

The ITM Division has created a website that has enabled districts to fill out their CY11 annual reporting forms (District Narratives, District Staff Directories, Technology Surveys and Personnel Expenditure Reports) online (visit [www.lpdb.org](http://www.lpdb.org)). The division researched and tested numerous software packages and has purchased Smart Sheet software to assist with development of these online annual reporting forms. ITM staff has revised/edited questions for the 2011 district narrative, technology survey, and personnel expenditure report. Staff has converted all 2010 district narratives into the new 2011 reporting format to enable districts to view their responses from last year, allowing for an efficient annual reporting update process.

Staff also assisted the Special Projects Coordinator with the LCLE grant, by providing a description of the procurement process for a case management consultant and report analysis, as well as the procurement process to purchase laptops and software for the districts.

### **Juvenile Division**

In 2011, Louisiana's public defenders represented clients in juvenile cases in all forty-two judicial districts. Four of those districts have statutorily-created Juvenile Courts: the 1<sup>st</sup> (Caddo Parish), the 19<sup>th</sup> (East Baton Rouge Parish), the 24<sup>th</sup> (Jefferson Parish), and the 41<sup>st</sup> (Orleans Parish). The remaining thirty-eight districts hear juvenile cases in City and/or District Court. Louisiana's juvenile cases are divided into three categories: delinquency, Families In Need of Services (FINS), and Child In Need of Care (CINC). Delinquency cases involve criminal charges. FINS cases involve children who are not charged with criminal acts but who face "status" offenses, such as running away from home, truancy or ungovernable behavior. CINC cases involve allegations of child abuse and neglect; public defenders represent accused parents in those cases. In 2011, Louisiana's juvenile defenders handled more than 43,000 cases.

Trial court performance standards for both CINC and Delinquency proceedings were developed and promulgated (CINC: January 2011, Delinquency: September 2011) through a collaborative process involving the LPDB Board members, staff and the Juvenile Defender Advisory Council (JDAC), a group of leading juvenile line defenders dedicated to the advancement of juvenile justice in the state. In addition to the development of the performance standards, JDAC has assisted in creating training (see Training Division Report) and statewide peer-learning opportunities for juvenile defenders and has facilitated communication between the LPDB and attorneys in the field. In recognition of its accomplishments, JDAC was honored with the 2011 Louisiana State Bar Association Children's Law Award.

Juvenile Division staff conducted site visits throughout the state to monitor compliance with these standards. In addition, staff provided resources to juvenile defenders to assist them in providing the high-quality services. The Juvenile Division continued to encourage cross-district learning, research-sharing, and other forms of support to the various districts. In 2011, as the lead entity of the MacArthur Foundation's Juvenile Indigent Defense Action Network (JIDAN) initiative in Louisiana, LPDB collaborated with another JIDAN partner, Hector Linares, Assistant Professor of Professional Practice and director of the Juvenile Clinic at the LSU Paul M. Hebert Law Center, to develop a motion bank that can be fully integrated in the Client Management System. The project will bolster motion practice and advocacy in juvenile delinquency cases. Staff also collaborated with JIDAN partner Juvenile Regional Services in Orleans Parish to develop protocols for writs and appeals in juvenile cases as well as post-disposition representation. This collaboration includes an ambitious training program to be delivered throughout the state in 2012.

For the first time, juvenile defenders from around the state gathered for a Juvenile Defender Vision Meeting, hosted by LPDB and the National Juvenile Defender Center (NJDC), on July 25, 2011, to plan improvements to service delivery. Staff, board members, and stakeholders, including representatives of the Office of Juvenile Justice, the MacArthur Foundation's Models for Change initiative, and the Juvenile Justice Project of Louisiana, were present to hear the concerns and needs of defenders and to share with them how juvenile justice reforms are benefitting indigent clients. As a result of this meeting, juvenile defenders have become actively involved in improving the Client Management System to accommodate the unique case tracking needs associated with juvenile cases and in continuing to build a community of expertise in juvenile defense.

During 2011, staff began preliminary research to develop qualifications standards for attorneys representing juveniles in delinquency cases. The standards would ensure that juvenile clients are represented by competent counsel with adequate training and experience. Going forward, staff will continue evaluating appropriate standards and make recommendations for promulgation.

Working with the Special Projects Advisor, division staff has developed a replicable pilot project which would provide education advocacy services from a pilot district for both court-involved and pre-court-involved clients who have identified educational needs (attendance/discipline/special education services). The purpose of the pilot project is two-fold: to improve the quality of representation and educational services for court-involved Project

clients and to elevate the capacity of the public defender to act as a pre-contact community problem-solver, addressing systemic education deficiencies informed by the public defender's more traditional client advocacy. The intended pilot district is the 23<sup>rd</sup> Judicial District, encompassing the parishes of Ascension, Assumption, and St. James, and division staff continues to work with district staff to attain sustainable funding for the program.

The MacArthur Foundation's Models for Change (MfC) initiative was in its sixth year in Louisiana in 2011. The six Louisiana MfC sites—Caddo, Calcasieu, Jefferson, Rapides, Ouachita/Morehouse and Iberia/St. Martin/St. Mary Parishes—continued to focus on bringing about change in three areas: expanding alternatives to formal processing and incarceration, increasing access to evidence-based services, and reducing disproportionate minority contact with the juvenile justice system. The Annie E. Casey Foundation's Juvenile Detention Alternatives Initiative ("JDAI") was in its fifth year in Louisiana in 2011. JDAI is working in five sites—Caddo, Calcasieu, East Baton Rouge, Jefferson and Orleans Parishes. JDAI promotes changes to policies, practices, and programs to reduce reliance on secure confinement, improve public safety, reduce racial disparities and bias, save taxpayers' dollars, and stimulate overall juvenile justice reforms.

Juvenile Division staff continues to be an active partner in legislative task forces and work groups on juvenile-related issues. This included participating in FINS Commission hearings, Louisiana State Bar Association Children's Law Committee, Louisiana State Law Institute Children's Code Committee, Center for Excellence/Pelican State Center for Children and Families, School Discipline Task Force, Court Improvement Program Child Advocacy Resource Effort, the Southern Juvenile Defender Center Advisory Board, the School-to-Prison Reform Coalition, the Detention Center Standards Task Board, the *Graham v. Florida* Task Force, the Domestic Violence Task Force, the Childhood Addiction to Pornography Task Force and the Drug Policy Board.

Finally, the Juvenile Division welcomed Jack Harrison as the new Juvenile Justice Compliance Officer. Staff continues to work to implement the reform goals of the Louisiana Public Defender Act.

### **Training Division**

The mission of the Training Division is to train and inspire a values-based, client-centered defender culture that will deliver high quality legal representation to our clients. In furtherance of that mission, the Training Division provided eleven statewide and four series of local, regional trainings in 2011.

The *Padilla and You* conference was held in five regional locations and consisted of 3-hour presentations by immigration law experts on the immigration consequences of a conviction to non-citizens. Defenders were trained on the basics of immigration proceedings, practical strategies for helping non-citizen clients and their families to navigate criminal and immigration custody, and tips to assess the immigration consequences of potential case outcomes in order to fulfill the United States Supreme Court's mandate in *Padilla v. Kentucky*.

An interactive one-day training focused on LPDB Trial Court Performance Standards (promulgated April 2009) was provided in four locations across the state in January and April 2011. This program addressed the various ways that the Standards support public defenders in best serving clients and providing effective representation.

A Mental Health Advocacy training was held in February 2011 (in Pineville) and in May 2011 (in Baton Rouge). This program was co-sponsored by Louisiana Appleseed. Professor Katherine Mattes, Interim Director of the Tulane Law School Criminal Clinic, provided the three-hour training, covering issues involving competency to stand trial and pleas of not guilty by reason of insanity.

Two one-day trainings for CINC parent attorneys were provided in April 2011 (in Ruston) and July 2011 (in Hammond). The program was an interactive, working session covering LPDB's recently-promulgated *Trial Court Performance Standards for Attorneys Representing Parents in Child of Need of Care Cases* and issues affecting the practical realities of CINC parent representation in Louisiana.

The eleven statewide trainings were designed to address the various issues affecting public defender work. The Voir Dire Academy, an interactive training designed to teach public defenders skills and techniques in conducting non-capital jury selection, was held in January 2011. Eighty-seven defenders participated and worked with trainers experienced in the "Colorado method" of voir dire.

The first annual Juvenile Defender Training was held in January 2011 and attended by thirty-six juvenile defenders. This program was an interactive skills training designed to assist juvenile defenders in the handling of delinquency and FINS cases.

In February 2011, seventy-one District Defenders, Executive Directors and supervisors participated in LPDB's second annual Defender Leadership Training, honing leadership and management skills.

In May 2011, a Defender Management Training was provided. The half-day conference covered governmental ethics, financial management and employment law issues relevant to District Public Defender offices.

The annual Investigator Workshop was held in July 2011. Fifty-two public defender investigators attended. The training consisted of instruction on various forensics topics as well as development of investigation skills as the participants worked in teams to investigate a mock homicide case.

The second annual Defender Training Institute was held in September 2011 in Baton Rouge. Forty-four public defenders from districts across the state spent six days in intense training consisting of skills work covering the life of a case, from initial client interview through sentencing and collateral consequences of convictions. Participants worked either a mock case or a real public defender case throughout the week. Faculty consisted of seasoned criminal

defenders from Louisiana as well as public defender trainers from across the country including Maryland, Minnesota, Washington, Virginia, Arizona, North Carolina, Missouri and Ohio. The 2010 DTI graduates attended the two-day DTI Annual Conference where they continued to refine their courtroom skills.

Three capital trainings were provided in 2011. The Capital Defender Training 2011 was held in June 2011 in Baton Rouge. Fifteen capital defense teams participated in the confidential, three-day conference working actively on their currently-pending capital cases with facilitation and support of faculty. In February 2011, the Training Division provided a joint training for capital defenders, prosecutors, investigators and mitigation specialists pursuant to the Capital Case Litigation Initiative grant received from the Bureau of Justice Assistance. Forty-seven participants attended the *Ensuring Access to Justice for Persons With Intellectual Disabilities* conference. The Advanced Capital Training was held in October 2011 for defenders seeking capital certification. Over one hundred and fifty public defenders attended the five-day, five-track conference.

A Legislative Update program was held in December 2011, providing defenders with an update of all bills passed in 2011 that affect criminal law and procedure.

During 2011, Director of Training Kilborn also staffed the LPDB Budget and Policy Committees. She also participated in meetings of the District Defender Advisory Council and Juvenile Defender Advisory Council. She engaged in ongoing efforts to develop and implement LPDB's 5-year Strategic Plan; continued building a library of LPDB training materials; and assisted with the bi-weekly editing of LPDB's e-newsletter. She also staffed weekly and monthly meetings with public defenders leaders across the state throughout the year.

The Training Division supported efforts by the Louisiana State Law Institute's Criminal Code Committee in reforming the discovery articles of the Louisiana Code of Criminal Procedure pursuant to HCR115 (2009). The Director of Training participated in the LSBA's Criminal Justice Committee work and she was actively involved in the LSBA's Criminal Justice Summit (March 2011) as well as a panel discussion at the Louisiana Judicial College in April 2011 in Lafayette, focusing on the need for development of a uniform system of fines and fees collection by criminal courts throughout the state so that District Defenders have a monthly accounting of the local funds they receive.

The Director of Training served as faculty at the Kentucky Department of Public Advocacy's Death Penalty Institute in Erlanger, Kentucky in April 2011. She also participated in the trainers' conference of the Southern Public Defender Training Center in Atlanta and in August 2011, she served as faculty at the Southern Public Defender Training Center in Birmingham, Alabama. She has been appointed as Secretary to the National Alliance of Indigent Defense Educators, a national organization dedicated to establishing an ongoing, sustainable, dynamic and vibrant defense training community.

In furtherance of LPDB's juvenile justice efforts, the Director of Training participated in the MacArthur Foundation's Models for Change meeting of the grantees in April 2011 as well as Louisiana's JIDAN Cross-Action Network meeting. In May 2011, the Director of Training

participated in the MacArthur Foundation's Models for Change meeting in Washington, D.C. where ongoing and completed projects were shared among stakeholders along with ideas for sustaining the work and collaboration for future projects.

The Director of Training participated in a meeting hosted by the National Juvenile Defender Center (NJDC) in Chicago in June 2011 to review the Juvenile Training Immersion Program curriculum created by the NJDC. Training Director Kilborn was part of the editing committee to complete the development of this program.

With assistance from the NJDC, the Director of Training organized the Juvenile Defender Vision Meeting held at LSU in July 2011. This meeting brought together juvenile defender supervisors and line defenders from all over the state to discuss the most pressing needs and recommendations for continued reform in juvenile justice.

The Director of Training staffed meetings of Louisiana's Juvenile Indigent Defense Action Network meetings. She served as a member of the Site Selection Committee of the Office of Juvenile Justice in seeking an appropriate location for a new juvenile youth center in the Acadiana region. She serves as a member of the Southern Juvenile Defender Center Advisory Council.

Additionally, the Director of Training attended the American Bar Association's 2<sup>nd</sup> Annual Parent Representation Conference in Washington D.C. in July 2011. She participated in several meetings of the legislative Task Force for Legal Representation of Children.

## **Board Created Positions/Divisions**

### **Capital Division**

The resignation of the Capital Case Coordinator and the failure to find a suitable full time replacement have resulted in the Board's entering into a contract with nationally known capital expert John Holdridge.

Formulation of the local and state capital representation plans is ongoing. All of the local capital representation plans have been received and are being carefully reviewed for compliance with the Capital Case Guidelines. The local plans need to be approved and finalized before a state plan can be completed.

The final touches are being put on the capital attorney certification process. Virtually all applications have been received, and almost all applicants attended the mandated capital trainings in 2010 and 2011. The certification process will seek to ensure, in a fair and equitable manner, that capitally-appointed attorneys comply with the Capital Guidelines and the new capital case representation performance standards, which are being finalized.

The Capital Case Coordination unit is responsible for approving all funding for expert witnesses in capital cases throughout the state. Counsel representing indigent persons charged with capital

crimes apply for funding for expert assistance in preparation of defenses and for trial. The Capital Case Coordination unit authorizes disbursements of funds as services are provided. Requests for funding arrive on a daily basis and require the steady attention of the unit's paralegal, Karen Rayborn, who also provides support for the Compliance Unit. A new expert funding request form has been developed, which requires disclosure of additional information about the purpose and potential value of proposed experts. In addition, expert fee rates are being updated and expanded to ensure greater uniformity and accountability.

Contracts with defender organizations have been reviewed to ensure that their terms are in compliance with the Capital Guidelines and associated standards.

Also in development is a new database case tracking system, which will permit more efficient and effective case tracking and monitoring.

### **Special Projects Division**

Below is a brief description of the primary activities of the LPDB Special Projects Advisor in calendar year 2011. In addition, the Special Projects Advisor participates as an executive staff member and supports other staff on LPDB projects and decision-making.

#### **Development:**

LPDB sought two grants in 2011, receiving one. In addition, LPDB wrote a letter of support for a significant grant awarded to improve data collection and storage procedures state-wide for the Innocence Project New Orleans and its applicant-partners. LPDB received a one-year \$126,309 grant from the Louisiana Commission on Law Enforcement and Administration of Criminal Justice that is dedicated to increase the research and training capacity of LPDB's newly acquired Case Management System (purchased through special appropriation from the Louisiana Legislature). An effort, shared with the Juvenile Division, to fund an education law pilot program in the 23<sup>rd</sup> Judicial District was unsuccessful.

In addition to making grant applications, the Special Projects Advisor worked to appropriately administer two grants totaling \$300,000 (a technology grant awarded through the Louisiana Commission on Law Enforcement and Administration of Criminal Justice and the Capital Case Litigation Initiative, a direct award from the Office of Justice Programs at the United States Department of Justice). While working directly on substantive and administrative tasks relating to these two grants, LPDB has coordinated with another Louisiana-based non-profit organization, the Louisiana Justice Coalition, to create several materials for the public defender community and lay the groundwork for more effective and sustained collaboration in the future. The Special Projects Advisor also procured pro bono technical assistance from Spitfire Strategies, a non-profit public relations and media development firm that works extensively on public defense issues around the country.

During 2011, the Special Projects Advisor worked with General Counsel to create a grants prospects list, comprised of state, regional and national funders whose programs match with the Louisiana Public Defender Board and Louisiana Justice Coalition mission statements. Due to its

limited staff, LPDB has been deliberately restrained in its development work, mindful that human resource capacity constraints can affect the ability to achieve grant deliverables.

#### Media Work:

LPDB has made great improvements in its media campaign, which is an important part of raising awareness about the importance of the right to counsel and the motivation, value and cost of LPDB programs. Efforts are made to equally disseminate this information to the public, including criminal justice agency-partners and clients. The Special Projects Advisor proactively monitors all media related to public defense, both locally and nationally. Whenever possible, she coordinates responses to media coverage through Letters to the Editor, guest opinion submissions and reporter outreach. In addition, LPDB is trying to increase its proactive media outreach (through reporter education, editorial board meetings, media materials and proactive media submissions), which is an important strategy to educate the public about the right to counsel and the benefits of an effective criminal justice system in which all member agencies have adequate resources to fulfill their roles.

As appropriate, LPDB circulates press releases relating to developments at the agency, or in criminal justice. During 2011, LPDB issued nine formal press statements, submitted more than a dozen proactive guest columns or Letters to the Editor and posted nine news stories on the LPDB website. These press releases are circulated by the Special Projects Advisor through an electronic release mechanism and posted on the LPDB website. With support from other staff, the Special Projects Advisor plays a primary role in the drafting of these releases

#### Communications:

One of LPDB's significant challenges is to cultivate a sense of defender community where there has never been one before and among a public defender community that is a mix of full-time and part-time practitioners. The Special Projects Advisor has coordinated a number of programs designed to improve communication between LPDB (board members and staff) and the field and among the 42 district public defender offices and eight contract programs themselves. Toward this end, LPDB supports listservs for juvenile defenders (100+ members) and investigators (40+ members). These moderated listservs allow free, easy communication across the state. LPDB also supports the Assistant Defender Advisory Council. In calendar year 2011, the members of the Advisory Council met four times and continued to represent six district public defender offices and one contract program.

LPDB maintained its 450-page website through 2011 and created a formal website content management protocol for the agency. Additional staff were trained in 2011 to ensure adequate website management capacity in-house. The website provides materials for the public, policy-makers, practitioners, clients, agency-partners and public defender offices nationally. In 2011, the LPDB website averaged about 2,600 unique visitors per month (up from approximately 2,000 in 2010), and viewing well over 12,000 pages. In 2011, the website received 816,678 hits (more than 68,000 per month). The Special Project Advisor and a member of the ITM division post relevant news, all media statements, board meeting materials, strategic planning documents, defender resources, legislative updates, upcoming events (LPDB and non-LPDB), employment postings, contact information and other critical information on its website almost daily. In addition, the Special Projects Advisor works to develop print materials such as fact sheets,

internship flyers, timelines and other materials. LPDB also supports a separate section for LPDB board member resources for access to all materials relating to budget, policy, and full board decisions.

In 2011, the Special Projects Advisor created a timeline of all significant LPDB activity from August 15, 2007 through November 30, 2011 and facilitated its design for dissemination. She supported the development of the agency's strategic planning training and monitored the strategic plan. She also assisted with the revision and addition of meaningful Agency Performance Indicators. Additionally, the Special Projects Advisor created a Social Media Protocol that will be implemented on January 1, 2012, and will allow LPDB to have an appropriate presence on both Facebook and Twitter to share relevant information about LPDB services and programs.

LPDB also produces an e-newsletter. To save costs and relieve some capacity issues, the e-newsletter shifted from bi-monthly distribution to distribution once every month. The e-newsletter ran 13 issues in the calendar year. There are more than 1,000 subscribers and the subscription list has been perfected, so that there are rarely any rejected users. Each e-newsletter contains recent information about case law, policy changes or other news (encouraging guest submissions from the field), often notes changes in public defender policy around the country, always promotes the next LPDB board and committee meetings, always summarizes all upcoming training and features two members of the defender community (including board members and LPDB staff, non-attorney staff in district public defender offices/contract programs and occasionally special guests). All divisions within the agency write content and provide support for the e-newsletter.

#### Data Collection/Research:

In 2010, the Special Projects Advisor revised the ExtraLegal Needs Survey. In 2011, the revised survey was implemented in Vernon Parish. The Special Projects Advisor then assisted with the production of the report, "Vernon Parish ExtraLegal Needs Assessment: A Survey of the Demographics and Social Service Needs of Adult Criminal Defendants Appointed Representation by the 30<sup>th</sup> JDC Public Defenders' Office and Incarcerated at Vernon Parish Jail." This report was posted on the LPDB website and shared with state and local policy makers.

#### Community Defense:

In July, the Special Projects Advisor participated in the Community Oriented Defender (COD) Network annual conference hosted by the Brennan Center for Justice at New York University School of Law, and presented on the value of coalition building in the community defense movement. As a member of the eight-person National Advisory Committee to the COD Network, she edited and shared the LPDB Community Defense Tool Kit with national members.

The Special Projects Advisor, along with the State Public Defender, is a member of the Louisiana Language Access Coalition as well as the American Bar Association Task Force for Comprehensive Representation.

In addition to conducting extensive research to design the Educational Law Program for juvenile representation in the 23<sup>rd</sup> Judicial District, the Special Projects Advisor also worked to support the creation of a Community Outreach Division within the 19<sup>th</sup> Judicial District (East Baton Rouge Parish) Public Defenders' Office. This assistance included developing a draft strategic plan and implementation schedule.

Resources to Improve the Practice:

With the Training Division, the Special Projects Advisor worked on the Spring 2011 LSU Externship Program, and to revise and substantively improve the Extern Program between LPDB and the Paul M. Hebert LSU Law Center for 2012. The Special Projects Advisor served as the liaison with the Louisiana Office of Student Financial Assistance to administer the first year of the John R. Justice Loan Repayment Program, to provide need-based loan forgiveness for six full-time public defenders. This three-year loan forgiveness program is intended to help full-time defenders (and prosecutors) remain in public service though often public defender salaries are inadequate to balance law school debt.

With Louisiana Appleseed, LPDB also produced, "Representing Clients with Mental Illness: A Resource for Louisiana Defenders." Through this collaboration, LPDB was able to facilitate the research, writing, design and printing of a highly relevant 100-page handbook for defenders. Louisiana Appleseed contributed more than \$20,000 to the project; LPDB dedicated staff time and technical support. This release also inspired two mental health advocacy trainings conducted by the Training Division and helped better develop LPDB's relationship with Louisiana mental health social service agencies and advocacy organizations serving persons with intellectual disabilities.

## **District Reports Data Collection Methodology**

The following district reports cover each individual Judicial District Public Defenders' Office regarding several factors: basic office information, district structures, caseload information and budget information.

The first part is a narrative report listing basic contact information, including emergency contact information; descriptions of the structure of the local office and the local criminal justice system, including key figures in the local system; the staffing and supervisory structure of the local office; contact information for the public defenders; and an inventory of the office's present hardware and software. These data are self-reported by the districts through the annual survey questionnaire distributed to each District Defender near year's end, with the exception of the district total population and district juvenile population data (by parish) which were provided respectively by the U.S. Census Bureau and the Annie E. Casey Foundation.

The second part is a report of the district's public defender aggregated new and pending (from prior years) caseloads and outcomes of closed cases in CY 2011. These data are also reported by the district offices, gathered through each district's data entry in the case management system. The data are collected throughout the year by each attorney or the attorney's designee through data entry to the LPDB online database. It should be noted that in CY 2011, the LPDB purchased a new case management system and deployed it in June. Data preceding June was converted and migrated into the new database from the old database also in June. Data is reported on new cases, closed cases, cases from prior years which are still pending, and the total of new and pending cases. Additionally, data is reported on the disposition of charges in very broad categories, such as Guilty as Charged, Dismissed, and Plea to Lesser Charge, for example. It should be noted that, because these disposition data were not mandatory in the previous database, the disposition data set is not complete. Because the disposition data is not complete in every district, some districts chose not to report an incomplete data set on dispositions and requested their tables omit all disposition data. Nonetheless, the disposition data reported do give an impression of the outcomes of cases and charges. It is anticipated that the CY12 report will have much more complete disposition data because the data entry for this field will be mandatory. Also, the LPDB received a CY 2012 Byrne-JAG grant which will support a statewide training tour to help emphasize the importance of these data fields as well as others. It should also be noted that given the short timeline for production of the annual report, case closings and pending cases may not be as up-to-date as new cases, particularly cases handled very near the end of the calendar year.

The third part addresses revenues and expenditures. State revenues are distributed by the Louisiana Public Defender Board to the individual district public defender offices on a fiscal-year basis (i.e., from July 1<sup>st</sup> of one year to June 30<sup>th</sup> of the following year). In an effort to report the amount of state revenue in a meaningful way on a calendar year-basis, the state revenue portion of the financial summaries that follow were computed by adding one-half of the state

## **District Reports Data Collection Methodology**

revenues distributed during FY 10-11 and one-half of the state revenues distributed during FY 11-12. All other information contained in the financial summaries that follow was taken from unaudited financial statements, which were submitted to the Louisiana Public Defender Board by the individual district public defender offices on a monthly basis during the preceding calendar year.

In 2011, the district received \$1,317,612.39 in special fees, collected by the City Marshal's Office and the Caddo Parish Sheriff's Office. Courts in this district may also assess partial indigence payments for services based on clients' ability to pay, ranging from \$300 to \$500 based on the offense. These fees may be reduced or waived. These payments are collected by the Public Defenders' Office, the state Division of Probation and Parole, or the Caddo Parish Sheriff's Office. All accounting functions for this district's Public Defenders' Office are handled by the Caddo Parish Commission.

**Caseload:** The 1<sup>st</sup> Judicial District Public Defenders' Office reported handling 24,849 cases in 2011. Of those, 4,151 involved juvenile matters, including 822 Child in Need of Care representations.

**525 East Court Avenue • Jonesboro, LA • 71251-0471**

---

**General District Information:** In the 2<sup>nd</sup> Judicial District, there are three sections of District Court and no city or specialty courts. The U.S. Census Bureau and the Annie E. Casey Foundation reported a total population of 47,822 in this district, 10,425 of whom are children.

**District Staff:** The District Defender in the 2<sup>nd</sup> Judicial District is J. Clay Carroll, who has served in the position for 8 years and has been a public defender in Louisiana for 13 years. The 2<sup>nd</sup> Judicial District Public Defenders' Office is a contract public defenders' office, with five contract attorneys in addition to the District Defender. There are no restrictions on private attorney practice outside of the Public Defenders' Office. The District Defender supervises all staff and has a reduced caseload due to these supervisory responsibilities. The office also has one investigator.

**Juvenile Defense:** Juvenile cases are heard by District Judges in the 2<sup>nd</sup> Judicial District. All defenders in this district handle juvenile cases.

**Indigency Determination and Availability of Clients:** In the 2<sup>nd</sup> Judicial District, each assistant public defender makes the determination of indigence. Adult clients are held at Claiborne Parish Detention Center, Claiborne Parish Jail, Jackson Correctional Center or Bienville Parish Jail or, if held outside of the district, in facilities in Bayou Dorcheat Correctional Center (also known as Webster Detention Center), Richland Parish Detention Center, LaSalle Correctional Center or Union Parish Detention Center. Juvenile clients are held outside of the district at Ware Youth Center (Coushatta) or Green Oaks Detention Center (Monroe).

**Fees and Accounting:** The 2<sup>nd</sup> Judicial District Public Defenders' Office collects the statutory \$40 application fee from clients. In 2011, 713 applications were received for services. Fees were waived for 154 applicants and were not reduced for any applicants. A total of \$9,200 was collected in application fees. Courts in this district assess the statutory \$35 special fee in every case resulting in a conviction. In 2011, the district received \$231,519 in special fees, which were collected by the Bienville, Claiborne, and Jackson Parish Sheriffs' Offices. Courts, in conjunction with the assigned assistant public defender, may also assess partial indigence payments for services based on clients' ability to pay. Any resulting payments are collected by the Public Defenders' Office or the assigned probation officer.

**Caseload:** The 2<sup>nd</sup> Judicial District Public Defenders' Office reported handling 1,900 cases in 2011. Of those, 105 involved juvenile matters, including 34 Child in Need of Care representations.

DISTRICT DEFENDER: BRETT BRUNSON  
710 THIRD STREET  
NATCHITOCHES, LA 71457  
(318) 352-9311

**10<sup>th</sup> Judicial District • Natchitoches Parish**  
**District Defender Brett Brunson • (318) 352-9311**  
**710 Third Street • Natchitoches, LA • 71457**

---

**General District Information:** In the 10<sup>th</sup> Judicial District, there are two sections of District Court and one City Court (Natchitoches). There is a specialty drug court program. The U.S. Census Bureau and the Annie E. Casey Foundation reported a total population of 39,566 in this district, 9,600 of whom are children.

**District Staff:** The District Defender in the 10<sup>th</sup> Judicial District is Brett Brunson, who has served in that position for four years and has been a defender in Louisiana for nine years. The 10<sup>th</sup> Judicial District Public Defenders' Office is a mixed staff and contract public defenders' office, with a full-time staff District Defender and three part-time contract attorneys. There are no restrictions on private practice outside of the Public Defenders' Office for contract attorneys; however, the District Defender does not represent clients in private matters. The District Defender supervises all staff and has a limited caseload due to these supervisory responsibilities. The office has one investigator and two administrative staff members.

**Juvenile Defense:** Juvenile cases are heard by one District Judge and one City Court Judge in the 10<sup>th</sup> Judicial District. All attorneys handle juvenile cases. The 10<sup>th</sup> Judicial District has an active Children and Youth Planning Board.

**Indigency Determination and Availability of Clients:** In the 10<sup>th</sup> Judicial District, the Judicial Administrator makes the determination of indigence. Adult clients are held at the Natchitoches Parish Detention Center. Juvenile clients are held at the Ware Youth Center (Coushatta).

**Fees and Accounting:** The 10<sup>th</sup> Judicial District Public Defenders' Office collects the statutory \$40 application fee from clients. In 2011, over 700 applications were received for services. Fees were not waived or reduced for any applicants, although clients may pay the fee in increments. A total of \$5,360 was collected in application fees. Courts in this district assess the statutory \$35 special fee in some cases resulting in a conviction to support local public defender services. In 2011, the district received \$103,600 in special fees, which are collected by the Natchitoches Parish Sheriff's Office and the City Marshal. The Public Defender's Office requests partial indigence payments when clients are between 100% and 200% of the federal poverty guidelines. When ordered, these payments are collected by the Public Defenders' Office (if imposed at the arraignment) or the City Marshal and the Natchitoches Parish Sheriff's Office (if imposed as part of a sentence). Accounting functions for this district are divided between staff and a contract certified public accountant.

**Caseload:** The 10<sup>th</sup> Judicial District Public Defenders' Office reported handling 1,810 cases in 2011. Of those, 109 involved juvenile matters, including 65 Child in Need of Care representations.

The District Defender has assisted contract attorneys in preparing for trial and trying cases. We have encouraged a team approach to trial preparation, particularly crime scene investigation and voir dire preparation. I share important court decisions and helpful information from the LACDL list serve with all attorneys. I continue to participate in the District Defender Group started several years ago to gain insight into what other districts are doing and to share that with our attorneys. I have tried to more closely monitor local funding, following a precipitous decline in funding last summer. I have met with the judges, DA, LPDB staff and other District Defenders in an effort to address the problem and increase local funding.

<b>Primary Immediate Needs</b>	More funding.
<b>Immediate Critical Issue Areas</b>	While our revenue from LACE has rebounded somewhat, the 11th/42nd combined districts under a joint venture agreement continue to be "insolvent" according to information supplied at the 307 Board Meeting on 8/24/10. I need to hire at least one (1) more attorney in the 11th and another in the 42nd in order to get more in line with caseload standards, and, to affect a minimum level of specialization in both districts i.e. LWOP cases, sex crimes and other "serious felonies".
<b>Long-Term Critical Issue Areas</b>	See above. We recently split the two parishes into separate districts. This complicates coordination of defenders in the two districts, required bring in two separate staffs of attorneys to avoid conflicts. Additionally, the 11th Judicial District has a serious shortfall in funding which is presently being met with funds from the 42nd JDC.

Full-time attorneys are prohibited from having a private practice. In addition to the District Defender, there are three supervising attorneys. <b>Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?</b>	Some resistance from other agencies on basic things like providing copies, discovery, and the role of the public defenders. Our sources indicate stakeholders and others see the office as more professional and effective since October 2010. Regional director for Children and Family Services came in for a meeting with District Defender and expressed appreciation for our engagement with kids in court, noting we had uncovered improprieties on a CFS case agent's handling a mom's visiting rights.

Vertical representation. Mandates for client communication. Removal of non-compliant personnel. Encouraged lawyers to make self-evaluation of whether PD fits their practice and personality. Established team spirit and unity as professionals. Client centered policy making. Supervision, including regular staff meetings. DD has a running action plan for continued forward direction, uses Email and Internet for consistent communications, brings in outside agencies for assistance when needed. **District Staff:** The District Defender in this district is C. Jerome D'Aquila, who has served in the position for 39 years and has been a public defender in Louisiana for 39 years. The 18<sup>th</sup> Judicial District Public Defenders' Office is a contract public defenders' office, with ten part-time public defense attorneys in addition to the District Defender. Attorneys may handle private cases for public defender clients if they are retained prior to being appointed as the Public Defender for that client. In addition to the District Defender, there is one supervising attorney. A caseload reduction is provided for supervising attorneys. The office also has one investigator and one administrative staff member.

**Juvenile Defense:** Juvenile cases are heard by District Judges in the 18<sup>th</sup> Judicial District. Two attorneys handle juvenile cases.

All accounting functions for this district's Public Defenders' Office are handled internally by staff.

BATON ROUGE, LA 70802  
(225) 389-3150

**19<sup>th</sup> Judicial District • East Baton Rouge Parish**  
**District Defender Michael A. Mitchell • (225) 389-3150**  
**300 Louisiana Ave. • Baton Rouge, LA • 70802**

---

**General District Information:** In the 19<sup>th</sup> Judicial District, there are eight sections of District Court, five sections in Baton Rouge City court, and one section each in Baker and Zachary City Courts. There is a drug court program and a non-support court program in this district. The U.S. Census Bureau and the Annie E. Casey Foundation reported a total population of 440,171 in this district, 103,665 of whom are children.

**District Staff:** The District Defender in this district is Michael A. Mitchell, who has served in the position for 18 years and has been a public defender in Louisiana for 26 years. The 19<sup>th</sup> Judicial District Public Defenders' Office is a mixed staff and contract office with 38 staff attorneys in addition to the District Defender and 11 part-time contract attorneys. Attorneys are permitted to have a very limited private practice (non-criminal cases within the District). In addition to the District Defender, there are ten supervising attorneys. A caseload reduction may be provided for supervising attorneys depending on the needs of their sections. The office also has 13 investigators and 13 administrative staff members.

**Juvenile Defense:** The 19<sup>th</sup> Judicial District has one of the four juvenile courts in Louisiana, and this court has two sections. Three full-time staff attorneys, in addition to supervising juvenile attorney Herman "Pete" Holmes, and two part-time contract attorneys handle all juvenile cases in this district. The 19<sup>th</sup> Judicial District is an Annie E. Casey Juvenile Detention Alternatives Initiative site and has an active Children and Youth Planning Board.

**Indigency Determination and Availability of Clients:** In the 19<sup>th</sup> Judicial District, the Public Defenders' Office makes the determination of indigence. Adult clients are held at the East Baton Rouge Parish Prison or, if held outside the district, at the Catahoula Correctional Center (Harrisonburg), C. Paul Phelps Correctional Center (DeQuincy), Riverbend Detention Center (Lake Providence), West Baton Rouge Parish Jail, or facilities in East Carroll Parish. Juvenile clients are held at the East Baton Rouge Juvenile Detention Center.

**Fees and Accounting:** The 19<sup>th</sup> Judicial District Public Defenders' Office collects the statutory \$40 application fee from clients. In 2011, 7,445 applications were received for services. Fees were waived for 25 applicants and were not reduced for any applicants. A total of \$150,896.71 was collected in application fees. Courts in this district assess the statutory \$35 special fee in every case resulting in a conviction to support local public defender services. These fees were collected by the Public Defenders' Office and by each of the courts. Courts in this district also may assess partial indigence payments for services based on clients' ability to pay. Any resulting payments are collected by the Public Defenders' Office, unless courts order that clients pay through the designated collector for that court (such as the East Baton Rouge Sheriff's Office or the Clerk of Court).

**Caseload:** The 19<sup>th</sup> Judicial District Public Defenders' Office reported handling 30,511 cases in 2011. Of those, 6,636 involved juvenile matters, including 4,822 Child in Need of Care representations.

**General District Information:** In the 22<sup>nd</sup> Judicial District, there are 17 sections of District Court and three City Courts in Bogalusa (five sections), Covington, and Slidell (five sections). There is a drug court program for adults and juveniles, a DWI court, a mental health court and a career criminal court. The U.S. Census Bureau and the Annie E. Staff attorneys are permitted to represent clients in private civil cases but not in private criminal cases per office policy. Staff attorneys may accept appointments in the Federal Public Defenders' Office or in other state judicial districts if a system of reciprocity has been established with that district. The District Defender supervises all staff, and no caseload reduction is provided to him. The office also has two investigators and 11 administrative staff members.

In 2011, the district received \$1,010,397 in special fees, collected by the St. Tammany and Washington Parish Sheriffs' Offices and the clerks of the City Courts. Partial indigence fees are not assessed. All accounting functions for this district's Public Defenders' Office are handled internally by staff.

<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	The PD assigned to the Magistrate Court is appointed by the Magistrate Judge to all in-jail clients who are qualified. The MPD represents clients until Arraignment. At Arraignment the Commissioner Court orders PDO appointment and Office Staff makes appropriate appointment
<b>Name of Adult Detention Facilities in This District</b>	Jefferson Parish Correctional Center
<b>Name of Adult Detention Facilities Outside the District Which Hold Clients</b>	none
<b>Name of Juvenile Detention Facilities In This District</b>	Rivarde Detention Center
<b>Name of Juvenile Detention Facilities Outside the District Which Hold Clients</b>	none

<b>Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?</b>	no
<b>Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe</b>	The Jefferson Parish Sheriff's Office stated that they are having severe staffing problems which has limited the number of prisoners kept at the local jail. This staffing problem also gives rise to other issues regarding visitation by private investigators. Therefore, they instituted a rule by which the investigators will not be allowed into the jail without the presence of the attorney who is assigned to that defendant. My first impulse was to attempt to institute some type of legal action, however I consider this a blessing in disguise in that it is requiring lawyers to visit the jail more frequently. Other than the usual delays, the attorneys themselves have no problems having access to their clients in jail.

<b>Other Specialty Court</b>	Carol Kiff/Patricia Joyce - Commissioner Court; Vernon Wilty - Magistrate Court
<b>Name of Specialty and Brief Description:</b>	Commissioner Court handles arraignments both in jail and out of jail; also issues search warrants/arrest warrants and handles preliminary exams. Commissioners also do probable cause determinations (48 Hour).
<b>Indigency Determined by Whom and How?</b>	If incarcerated, by Magistrate Judge at 72 hour hearing. If on bond, at arraignment by Commissioner at Commissioner Court.
<b>When is Assignment/Appointment of Counsel Made?</b>	Magistrate orders appointment of Magistrate PD at 72 hour hearing, then Commissioner, at arraignment, orders PDO appointment for both in-jail and out-of-jail clients.
<b>Client Assigned by Whom and How?</b>	Office Staff. When the office staff puts the defendant's name, docket no. & division into the computer, it automatically defaults to one of three attorneys assigned to that division of court.
<b>Initial Client Intake Conducted By Whom? (Name and Title)</b>	Staff enters appointments into PDO system and provides client with a "Cover Sheet" which provides information on attorney and contact information
<b>Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)</b>	no
<b>Brief Explanation of Intake Process</b>	In-jail: Commissioner PD provides info on appointments from arraignment docket. Out-of-jail: Commissioner orders defendant to come to office and make application, after determining if defendant qualifies.

<b>Does the Court Assess the Mandatory (R.S. 15:168) \$35 Special Cost (Court Fee) in Every Case Resulting in Conviction? We presently lack the ability to quantify the cases in which fees are waived.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?</b>	none

<b>Primary Immediate Needs</b>	The most immediate problem is the sharp increase in cases involving Spanish speaking defendants. At the present time we have approximately 107 cases. The interpretation for the defendants is being handled by one interpreter/investigator and 1st & 2nd year
<b>Immediate Critical Issue Areas</b>	We have no critical issues at this time.

<b>Long-Term Critical Issue Areas</b>	The primary long term issue is whether or not this office can be converted to a full time staff. The determining issue will be whether or not there is sufficient funding for such a change.

<b>When is Assignment/Appointment of Counsel Made?</b>	Approximately half of the felony counsel is assigned immediately following the 72 hour hearing, and the balance at arraignment. The majority of misdemeanor counsel is assigned at arraignment. In an effort to get applicants into the system sooner, the district defender created a notice which the Sheriff mails to the defendants along with the notice of arraignment advising the defendants to apply for counsel PRIOR to the day of arraignment. This has helped, and about half of the defendants come in before arraignment, the balance is dealt with at arraignment.
<b>Client Assigned by Whom and How?</b>	The office administrator makes the assignment on a rotating basis. The district defender deals with conflicts.

<b>a Written Contract For His/Her Services? If So, Please Provide a Blank Copy of the Standard Contract</b>	Yes
<b>Primary Immediate Needs</b>	Additional funds to obtain an investigator, a social worker, and additional staff. We are having difficulties getting current data into the system, and I think the only effective solution is to have all the data input by the district defenders office directly rather than rely on the individual contract attorneys. One employee can not do all the intake, bookkeeping, bill paying, office administration, etc, and do all the data input.
<b>Immediate Critical Issue Areas</b>	Data input is a critical area for us-since the budget is dependant on the data, our district will continue to get short changed until I can solve this problem. The attorneys continually complain that they do not mind the legal work; it is the data collection they complain about.
<b>Long-Term Critical Issue Areas</b>	Need of office space and staff, particularly an investigator and social worker. With a drug court and extensive OCS caseload, a social worker would greatly benefit our clients

<b>Please List All Promotions in 2011 (Name and Title)</b>	
<b>2011 Media Coverage and/or Major Accomplishments</b>	No media coverage of consequence. We have a new DA who is intent on clearing out case backlogs. Our docket and workload and court time have greatly increased. Our attorneys continue to do good trial work; our major challenges are of an administrative nature.
<b>Number of Expected New Attorney Hires in 2011</b>	2-3 If money is available.
<b>Do You Provide Training, Coaching, or Mentoring for New Attorneys? If So, Describe</b>	Not applicable. In the event of a new hire, I think training would be crucial.
<b>Does Your District Office Provide Employee Manuals or Handbooks? (Yes or No - Do Not Attach)</b>	Yes
<b>Describe Supervisory Structure in Your District (For Attorneys and Non-Attorneys)</b>	With only 1 full time employee supervising her is easy- she sits in an office next to mine and I see her many times a day. The attorneys are all on contract and have their own offices. I see them in court regularly, and meet with the judges and the DA and ask for observations about the attorneys' performance. I have met individually with each attorneys to discuss issues, i.e., need to document client contact, need to do more frequent jail visits, etc.

<b>Courts and Locations</b>	32nd Judicial District Court, Divisions A-E , 7856 Main St. Courthouse Annex, Houma, 70360 Houma City Court, 8046 Main St., Houma, 70360
<b>Number of Divisions/Sections of Criminal Court for Each Court in District (Include City Court, Municipal Court, etc.)</b>	5 District Court Divisions and 1 City Court

<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	Contract, Full-Time Staff and Mixed Delivery: Office has been mainly a contract system. As of the signing of the District Defender's contract in late Summer, 2010 some of our attorneys have been converted to employee status. Attorneys are assigned to one district division each. The office had employed additional attorneys in each division to handle drug violations. Those positions were terminated due to lack of funding. City court has been handled by 3 attorneys on contract. During 2010 that number increased to four attorneys one of whom is an employee of the office. That figure has been reduced back to 3 attorneys due to funding issues. The one attorney who was an employee of the office has become a full time staff attorney. Conflicts are handled by various contract attorneys. Division attorneys are provided staff support by our office. The District Defender is full time staff, as well as Amanda Mustin who is a full time staff employee handling our Division "C" District Court as well as Drug Court.

DISTRICT DEFENDER: THOMAS H. GERNHAUSER  
 1009 W. MOREAU STREET  
 CHALMETTE, LA 70043  
 (504) 278-4438

**34<sup>th</sup> Judicial District • St. Bernard Parish**  
**District Defender Thomas H. Gernhauser • (504) 278-4438**  
**1009 W. Moreau Street • Chalmette, LA • 70043**

---

**General District Information:** In the 34<sup>th</sup> Judicial District, there are five sections of District Court and no City Courts. There is a specialty drug court program for both juveniles and adults. The U.S. Census Bureau and the Annie E. Casey Foundation reported a total population of 35,897 in this district, 9,177 of whom are children.

**District Staff:** The District Defender in this district is Thomas H. Gernhauser, who has served in the position for two years and has been a public defender in Louisiana for 12 years. The 34<sup>th</sup> Judicial District Public Defenders' Office is a contract public defenders' office with three part-time contract attorneys in addition to the District Defender. There are no restrictions on private attorney practice outside of the Public Defenders' Office. The District Defender supervises all staff, and there is no caseload reduction provided to him. The office also has two administrative staff members.

**Juvenile Defense:** Juvenile cases are heard by District Judges in the 34<sup>th</sup> Judicial District. All attorneys handle juvenile cases.

**Indigency Determination and Availability of Clients:** In the 34<sup>th</sup> Judicial District, the appointed public defender makes the determination of indigence. Adult clients are held in the St. Bernard Parish Prison. Juvenile clients are usually held in the St. Bernard Parish Juvenile Detention Center, but they may be held in Department of Corrections' facilities or Orleans Parish facilities if there is overcrowding or during hurricanes.

**Fees and Accounting:** The 34<sup>th</sup> Judicial District Public Defenders' Office collects the statutory \$40 application fee from clients. In 2011, 449 applications were received for services. Fees were waived for three applicants and were reduced for three applicants. A total of \$18,535.75 in application fees was collected. Courts in this district assess the statutory \$35 special fee to support local public defender services in every case resulting in a conviction. The Public Defenders' Office is working with the new Sheriff's administration to collect these fees. Courts in this district also may assess partial indigence payments for services based on a client's ability to pay. Any resulting payments are collected by the St. Bernard Sheriff's Office. All accounting functions for this district's Public Defenders' Office are handled internally by staff.

**Caseload:** The 34<sup>th</sup> Judicial District Public Defenders' Office reported handling 4,884 cases in 2011. Of those, 415 involved juvenile matters, including 131 Child in Need of Care representations.

Casey Foundation reported a total population of 45,924 in this district, 12,356 of whom are children.

**District Staff:** The District Defender in this district is Richard B. Stricks, who has served in the position for 16 years and has been a public defender for 16 years. The 40<sup>th</sup> Judicial District Public Defenders' Office is a mixed staff and contract public defenders' office with a full-time District Defender, two part-time staff attorneys, and nine part-time contract attorneys. In addition to the District Defender, there is one supervising attorney. No caseload reduction is provided to supervising attorneys. The office also has two investigators and three administrative staff members.

**Indigency Determination and Availability of Clients:** In the 40<sup>th</sup> Judicial District, the Public Defenders' Office makes the determination of indigence. Courts in this district assess the statutory \$35 special fee in some cases resulting in a conviction to support local public defender services. Special fees may be waived if clients face a long term of incarceration without suspension or when defenders request credit for time served in lieu of payment. In 2011, the district received \$700,603.86 in special fees, which were collected by the St. John the Baptist Parish Sheriff's Office. The Public Defenders' Office may assess partial indigence payments for services based on a client's ability to pay. Any resulting payments are collected by the Public Defenders' Office. All accounting functions for this district's Public Defenders' Office are handled internally by staff.

**Caseload:** The 40<sup>th</sup> Judicial District Public Defenders' Office reported handling 2,922 cases in 2011. Of those, 540 involved juvenile matters, including 131 Child in Need of Care representations.

<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	According to a pre-set grid or table, the cases are generally divided among the lawyers based on the division of court and the last digit of the case number. Example: In each division of court, the cases that end in an odd digit are normally assigned to one attorney and those ending in an even digit are assigned to another. When there are more than two clients in any case, the lawyers who handle cases in another division of court are assigned according to that grid.

<b>Drug Court Judges</b>	Judge Madeline Jasmine
<b>Mental Health Court Judges</b>	None
<b>Other Specialty Court</b>	Yes
<b>Name of Specialty and Brief Description:</b>	Truancy Court. The judge reviews the attendance of juveniles registered in schools of St. John the Baptist Parish, including absences and tardiness. Nearly 80% of cases are resolved during the initial stage, where the judge orders that both the juvenile and the parent comply with the attendance policy of the school. At a subsequent date, if the juvenile is not in compliance, the FINS coordinator files a truancy petition alleging that the juvenile is either not attending school or has a substantial amount of tardiness. If the District Attorney determines that the parent is at fault, a misdemeanor charge of improper supervision may be filed against him/her and a trial may be held in truancy court.
<b>Indigency Determined by Whom and How?</b>	Every Wednesday and Thursday, during office hours, the Public Defender Office takes applications from persons who are not incarcerated and who are seeking a public defender. The applicant is questioned using a standardized application form, which may be longer depending on the financial circumstances. A similar form is used for applicants in juvenile court. The sworn application is reviewed by the District Defender who then either assigns counsel or files a certification of ineligibility.

<b>When is Assignment/Appointment of Counsel Made?</b>	Within 72 hours after arrest, the duty judge speaks to the inmates by telephone or by video. An order appointing counsel is faxed to the PDO. The District Public Defender is appointed by name to all cases. He or an investigator does the initial interview, generally within 3 judicial days. Some initial interviews are conducted by video conference between the District Defender and inmates at the Correctional Center. The client is given a paper with information about applying for services upon release on bail and the name and phone number (free, not collect, calls) of the staff or contract defender who is assigned. That information is also filed into the court record. For those who post bail, counsel is assigned after a formal application is made (see previous answer).
<b>Client Assigned by Whom and How?</b>	The duty judge assigns the District Defender who then re-assigns cases to a staff or contract attorney. See previous answers.
<b>Initial Client Intake Conducted By Whom? (Name and Title)</b>	When the order assigning counsel is received at the PDO, or after formal application, the information is entered into the database by either Diana G. Tambunga, secretary, or Ashley A. Bogac, secretary.
<b>Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)</b>	The lawyers have been provided with an interview sheet to use when conducting client interviews at the jail. The first jail visit or video conference is done by the District Defender, during which data is entered into the database and a photo is taken. A note is made of any information needed. In most misdemeanor cases, no formal interview sheet is used for initial interviews. Copies of the interview sheets are attached, labeled Exhibit A.
<b>Brief Explanation of Intake Process</b>	
<b>\$40 Application Fees</b>	
<b>How Many Applications for Services Were Received?</b>	
<b>Does the Office Collect the \$40 Application Fee?</b>	Yes
<b>How Many Application Fees Were Waived?</b>	Unknown; The application fee is waived only when a defendant has applied and been approved in an open pending case, and is subsequently charged in a new case, and is seeking the services of the PDO. Only then is the fee waived in the second case.
<b>How Many Application Fees Were Reduced?</b>	None
<b>Total Application Fee Dollars Collected in 2011</b>	\$9,115.00
<b>Does Another Agency Collect This Fee On Your Office's Behalf? If So, Which Agency Collects These Fees?</b>	No
<b>\$35 Special Cost (Court Fees)</b>	
<b>Total Revenue from \$35 Special Costs Received in 2011</b>	\$700,603.86
<b>Does the Court Assess the Mandatory (R.S. 15:168) \$35 Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.</b>	Yes; except in some cases, where a term of incarceration, without suspension, is actually imposed. Additionally, if a client is arrested for failing to appear in court to prove that they have paid the court costs, the appointed lawyer may request credit for time served, in lieu of payment, in which case the money is not collected.

<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?</b>	In those cases handled by a Public Defender, information is received from the trial lawyer. In all other cases, no documentation is provided regarding the fees assessed except that as to the mandatory \$35 fee, a monthly report is received from the sheriff, showing court costs collected. That document does not inform us which cases have been paid in full or whether partial payment was received.
<b>Who Collects the Assessed Court Fees?</b>	As to the mandatory \$35 court fee, the sheriff collects the funds and distributes them monthly. Other court ordered fees are collected directly from the clients at the Public Defender Office or by a probation officer.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	As to the mandatory \$35 court fee, a monthly statement is received from the sheriff specifying the amount collected. Ordered fees, over and above the mandatory \$35 court fee, are entered into the database from information received from the trial lawyer. A collection letter is then sent out to the client and followed up by a report to the Louisiana Department of Revenue's "Refund Offset Program" if said fees are not paid in a timely manner.
<b>Who Remits the Court Fees Collected?</b>	Court Costs, including the mandatory \$35 court fee, are distributed by the sheriff.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	As to the mandatory \$35 court fee, a monthly statement is received from the sheriff specifying the amount distributed. Ordered fees, over and above the mandatory \$35 court fee, are entered into the database when received.
<b>Partial Indigence Payments</b>	
<b>Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment</b>	At the time of application, if the answers to the financial inquiries indicate that the defendant is partially indigent, he/she is requested by the District Defender to set a reasonable weekly or monthly amount to pay until the disposition of the case.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?</b>	A record is made at the time of the application and certification is submitted to the judge. If the judge orders the payment, it is entered into the database as an ordered fee by either Diana G. Tambunga or Ashley A. Bogac.
<b>Who Collects the Assessed Partial Payments?</b>	The PDO staff collects the assessed partial payments.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	A receipt is given and the payment is entered into the database by PDO staff.
<b>Who Remits the Partial Payments Collected?</b>	The clients, either in person or by mail.

There are specialty drug courts as well as mental health court programs. There is also a re-entry court program and a veterans' court program. The U.S. Census Bureau and the Annie E. Casey Foundation reported a total population of 343,829 in this district, 73,215 of whom are children.

**District Staff:** The District Defender in this district is Derwyn D. Bunton, who has served in the position for two years and has been a public defender in Louisiana for seven years. The 41<sup>st</sup> Judicial District Public Defenders' Office is a full-time public defenders' office, with 72 full-time staff attorneys in addition to the District Defender. Full-time attorneys are not permitted to represent clients in private cases. In addition to the District Defender, there are 13 supervising attorneys including one Deputy District Defender, two Assistant District Defenders, and eight supervising attorneys. A caseload reduction is provided for supervising attorneys. The office also has 14 investigators and 24 administrative staff members.

**Juvenile Defense:** The 41<sup>st</sup> Judicial District has one of the four juvenile courts in Louisiana. There are six sections. Child In Need of Care cases are handled by 41<sup>st</sup> Judicial District Public Defenders' Office. The Public Defenders' Office contracts with Juvenile Regional Services, Inc. (JRS), a nonprofit organization, to represent juveniles in other types of cases. Josh Perry is the Director of JRS. The 41<sup>st</sup> Judicial District has an active Children and Youth Planning Board and is an Annie E. Casey Juvenile Detention Alternatives Initiative site.

**Indigency Determination and Availability of Clients:** In the 41<sup>st</sup> Judicial District, the judicial officer makes the determination of indigence. Adult clients are held in Orleans Parish Prison. Juvenile clients are held in the Youth Study Center.

**Fees and Accounting:** Clients in the 41<sup>st</sup> Judicial District are assessed the \$40 statutory application fee. Fees are waived for incarcerated indigent clients, and fees are not reduced for any applicants. By agreement, the cashier's offices for the courts collect these fees for the Public Defenders' Office. No fees were received in 2011. The Office is working with the Judicial Administrator's Office for remittance of these fees. Courts in this district assess the \$35 special fee to support local public defender services in every case resulting in a conviction. In 2011, the district received \$1,562,398 in special fees which are collected by the cashier's offices and remitted by the Judicial Administrators. Courts in this district may also assess partial indigence payments for services based on a client's ability to pay. Any resulting payments are collected by the Public Defenders' Office.

**Caseload:** The 41<sup>st</sup> Judicial District Public Defenders' Office reported handling 30,103 cases in 2011. Of those, 1,074 involved juvenile matters, including 59 Child in Need of Care representations.

<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	Continuous representation of all clients from first appearances through sentencing in Criminal District Court and Magistrate Court. In Municipal and Traffic Courts, we currently employ part-time lawyers who are assigned to sections of court; we anticipate converting these positions to fulltime as soon as our budget permits. OPD contracts out Juvenile Court work to Juvenile Regional Services (JRS). JRS employs a continuous representation method.

<b>Name of Juvenile Detention Facilities Outside the District Which Hold Clients</b>	Not Applicable
<b>Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?</b>	OPD is not able to adequately represent clients held at facilities distant from Orleans Parish. With regard to clients with mental health issues held at Feliciana, we are attempting to institute a programmatic response, tasking a small unit of attorneys with handling mental health cases. This is a significant outlay of limited budget resources, but is necessary for the adequate representation of all clients.
<b>Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe</b>	Yes. Visitation and access to incarcerated clients is extremely difficult. Attorney visitation hours are limited and subject to change without notice. Attorneys frequently wait an hour or more to see a client. We have met several times with Sheriff Gusman in a fruitless attempt to resolve these difficulties. As a result, a lawsuit has been filed.
<b>District Attorney</b>	Hon. Leon Cannizzaro
<b>Chief Judge of Criminal District Court</b>	Hon. Camille Buras
<b>Juvenile Court Judges (Specify District of City Court)</b>	Hon. Ernestine Gray is the Chief Judge of the Orleans Parish Juvenile Court
<b>Drug Court Judges</b>	Judges: Linda Van Davis, Benjamin Willard, Julian Parker, Camille Buras, Karen Herman

<b>Mental Health Court Judges</b>	Hon. Arthur Hunter
<b>Other Specialty Court</b>	Orleans Parish currently operates a Re-entry Court and Veteran's Court.
<b>Name of Specialty and Brief Description:</b>	The Re-entry Court is designed to assist clients returning to the community after longer term incarceration in State correctional facilities. Veterans Court is designed to assist military veterans gain access to programming and support designed to assist them and prevent criminal involvement.
<b>Indigency Determined by Whom and How?</b>	In Criminal District Court, the judicial officer at first appearance determines indigency for arrestees. OPD is no longer permitted to assist the court in this process. Most often, there is no extended colloquy between the arrestee and the judicial officer before the determination is made. Sometimes, there is no inquiry or determination at all. In those situations, OPD files motions to determine indigency for those still incarcerated after 48 hours (and therefore, presumptively indigent). At arraignment, judges routinely revisit indigency determinations. In Municipal Court, first appearance and arraignment occur simultaneously. Incarcerated arrestees are presumed indigent by the court. Those not in custody who cannot afford to hire attorneys are referred to OPD staff, who interviews the defendant and makes a recommendation to the court.
<b>When is Assignment/Appointment of Counsel Made?</b>	OPD provisionally assigns attorneys to cases before or shortly after first appearances. Attorneys do not commence working on a case unless and until OPD is formally appointed to the case by a judicial officer.
<b>Client Assigned by Whom and How?</b>	OPD case assignments are handled by our supervising attorneys and administrative staff, generally under the supervision of our Chief of Trials (Kendall Green) Clients are assigned according to a pre-determined case pickup schedule based on a rule of court adopted by the Criminal District Court en banc in 2011.
<b>Initial Client Intake Conducted By Whom? (Name and Title)</b>	Initial client intake is conducted either by the assigned attorney or by a Pretrial Coordinator assigned to that attorney's team.
<b>Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)</b>	Yes
<b>Brief Explanation of Intake Process</b>	Read above
<b>\$40 Application Fees</b>	OPD and the judges of the Orleans Parish Criminal District Court entered into an agreement to work cooperatively to carry out the mandates of La. R.S. 15:1758. On June 3, 2011, the judges met en banc and approved a plan to assist OPD in the collection of the \$40.00 application fee. If a defendant is deemed to be indigent at arraignment, the judge will order the defendant to pay the application fee of \$40 to the cashier on the first floor of Criminal District Court. In Municipal Court, any application fee is paid to OPD staff.

<b>How Many Applications for Services Were Received?</b>	Once the court determines a defendant to be indigent and appoints OPD to represent the defendant, there is no additional application that the defendant must complete in order to receive representation. The defendant may complete a brief client questionnaire with contact information, medical issues, and other issues the defendant may want to bring to the attention of the assigned attorney.
<b>Does the Office Collect the \$40 Application Fee?</b>	No. OPD does not physically collect the \$40 fee from the indigent defendant. The defendants are ordered by the court to pay the fee to the Cashier's Office in the Criminal District Court. The defendants are provided with a payment slip which they are to bring to the Cashier's Office. In Municipal Court, any application fee is paid to OPD staff.
<b>How Many Application Fees Were Waived?</b>	Pursuant to an agreement entered into with the Criminal District Court, the court will not order pretrial detained, indigent defendants to pay the \$40 application fee. In other words, the fee is practically waived for incarcerated, indigent defendants.
<b>How Many Application Fees Were Reduced?</b>	Pursuant to an agreement entered into with the Criminal District Court, the application fee is not reduced. The defendant must pay the full \$40.
<b>Total Application Fee Dollars Collected in 2011</b>	Pursuant to an agreement entered into with the Criminal District court, the Judicial Administrator's Office is tasked with providing OPD with monthly reports of fees collected, the total amount and from whom. To date, the OPD not received such reports nor payments from the JA's Office.
<b>Does Another Agency Collect This Fee On Your Office's Behalf? If So, Which Agency Collects These Fees?</b>	OPD does not physically collect the \$40 fee from the indigent defendant in Criminal District Court. The defendants are ordered by the court to pay the fee to the Cashier's Office in the Criminal District Court. The defendants are provided with a payment slip which they are to bring to the Cashier's Office.
<b>\$35 Special Cost (Court Fees)</b>	
<b>Total Revenue from \$35 Special Costs Received in 2011</b>	\$1,562,398.00
<b>Does the Court Assess the Mandatory (R.S. 15:168) \$35 Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.</b>	Every time there is a conviction, judges assess court costs. Included in the court costs is the \$35 special cost. The judges do not specify on the record that they are assessing the \$35 special fee, but the understanding is that the \$35 special fee is included in the total cost of court costs that is assessed to each convicted defendant.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?</b>	The Courts' Judicial Administrators are responsible for providing documentation to OPD as to the total amount of the special fee collected each month and from whom. This accounting is not done on a regular basis, however, by the JA's Office. Sometimes, the JA's Office provides OPD with a check without an explanatory accounting of the source of the money tendered.
<b>Who Collects the Assessed Court Fees?</b>	The Cashier's Offices in the courts collect all court fines, fees and costs.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	The Judicial Administrators are responsible for providing documentation to OPD on a regular basis, however, as noted above, this does not happen.
<b>Who Remits the Court Fees Collected?</b>	The Judicial Administrator's Office under the direction of the judges en banc.

<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	The courts are responsible for providing documentation to OPD on a regular basis, however, as noted above, this does not happen.
<b>Partial Indigence Payments</b>	
<b>Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment</b>	The judges will determine whether a defendant is indigent or partially indigent. If the defendant is partially indigent, the judges will assess a representation fee to the defendant. The judges do not provide any documentation to the defendant but orders the defendant to pay the Indigent Defender Fund either by the next court date or by the end of the case.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?</b>	N/A
<b>Who Collects the Assessed Partial Payments?</b>	The defendant is ordered to pay the Indigent Defender Fund directly. The defendant then comes to OPD and makes a payment or a payment arrangement with the administrative staff.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	Since this fee is collected by OPD directly, OPD is responsible for accounting this money.
<b>Who Remits the Partial Payments Collected?</b>	Again, since this fee is collected by OPD directly, OPD is responsible for accounting this money from collection to remittance.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	Again, since this fee is collected by OPD directly, OPD is responsible for accounting this money from collection to remittance.
